CERTIFICATIONS

Environment protection & working conditions – partner and certifications of VICTOR

For decades, VICTOR stands for sporting expertise and innovative, high-quality products. Environmental compatibility and sustainability are in the focus as well as questions about skin compatibility, life cycle assessment and recyclability of materials and end products.

VICTOR therefore works together with the Hansecontrol company on sensitive, relevant product groups. Suppliers are put through their paces and must either comply with the BSCI standard or be supervised by SGS, TÜV Rheinland or other testing institutes that vary regionally.

Oeko-Tex® Standard 100 is a worldwide equal test and certification system for textile.

Product testing for purity, contaminants and safety

Environment and labour protection

Klimalvest – is a TÜV-certified company that supplies energy suppliers with green electricity and climate-neutral green gas and supports companies on their way to climate neutrality.

VICTOR saved in 2022 23.14 tonnes of Co2 emissions.

WE SAVE PLASTIC IN EVERYDAY LIFE:

Plastic bottles are no longer used in our office. But we prefer to put them into our shirts!

WE DROP THE COVERS

In order to avoid plastic waste, we have decided to no longer include a cover with every racket as standard. Instead, we offer you the right case for every need in our assortment.

100% RECYCLED

Since 2020, we have been investing in the conversion of TeamLine from conventional material to recycled material.

CONVERSION TO HYBRID/ELECTRIC FLEET

Almost all company cars have already been replaced with hybrid or electric cars.

NO FOILS IN PRINT

For print products, we use certified paper and do not refine them with films. We also try to keep the print runs low.

SAVING ENERGY

Our new European Head Office building complies with the KfW standard. This means we use as little energy as possible in the office.

PAPER FREE OFFICE

We are on a very good track.

FZ FORZA[®]
INNOVATED IN DENMARK 

DISTRIBUTED BY

FZ FORZA SINCE 1990

FZ FORZA was founded in 1990 in Denmark as an alternative to the Asian brands. Since day one, the mission of FZ FORZA has been to create top quality badminton products at fair prices. In other words we strive to create badminton products for everyone and aim to be the preferred brand by all kind of players from beginners to professionals without compromising on quality and design.

RECYCLING

At FZ FORZA we take great pride in working with sustainability, and we strive to improve our sustainable business conduct continuously. Our entire apparel range is made of recycled polyester - most of it even 100% recycled polyester. The polyester thread is created by plastic bottles that is chopped into small pieces, then melted into a fiber and lastly spun into yarn from where a variety of different fabrics are woven. On average 1 tee takes around 25 bottles to make, and 1 pair of shorts or a skirt takes around 15 bottles to make.

All styles that are made of recycled polyester will be marked in the catalogue with this icon:

The product itself will have an extra hang-tag in front of the normal one.

“ FZ FORZA is developed in Denmark by badminton players for badminton players. ”

FZ TECHNOLOGIES

ANTISTATIC

When moving around you create static electricity, but our fabrics prevent the garments from sticking to your body. To avoid your garments from being static, please do not tumble dry.

ANTI-PILLING

Our garments are made in fabrics either constructed to avoid anti-pilling or fabrics that are given an anti-pilling treatment. Even after washing several times, the surface will still look good.

DRYFORZE

DryForze keeps you comfortable during the game! With the unique DryForze treatment, we ensure maximum comfort. DryForze makes the fabric perspiration transporting, quick drying and super pleasant to wear, and the DryForze capabilities will stay with your clothes for much longer than similar technologies. Fabric treated with DryForze has high breathability and a cool wearing comfort.

STRETCHABLE

Most fabric is stretchable either by knitting or due to added elastane. We make sure that the style has just the right stretch in order for the style to both fit the body and give comfort.

ANTI SHRINK

All garments have been preshrunk to avoid size changing. Follow the care label and your FZ FORZA clothes should be your favorite badminton clothing for years.

MEASUREMENT GUIDE

How to choose the right size?

If your body measurements for chest and waist do not correspond with the same size, then choose the size which is closest to your chest measurement. If you are in between to sizes, then choose the smallest size for a tight fit or the bigger size for a loose fit.
